# Loose /

**Loose is a modern lounge sofa - soft and feminine but also with an appealing masculine touch.  
No redundancy - only exactly what you need in a modern and appealing lounge sofa. A cool looking sofa with a great comfort.**

**We wanted to design a sofa series with a loose and "sloppy" look without compromising the quality and durability.  
The high quality inner workings, built the traditional Scandinavian way, ensures great comfort, durability and a strong identity.**

## Designer

Peter Barreth is co-founder of versus and has worked as in-house designer at versus since 2010 in co-operation with Henrik Lerche. As a 3rd generation upholsterer, Peter has furniture in his blood. The style is clean and uncompromising strongly rooted in traditional techniques and craftsmanship influenced by the strong danish design decade - the 1960's.

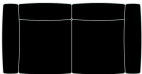

## Materials

**Back & arm section:** belted wooden construction and polyether foam structure with supersoft foam and a fibre padding stitched together with the fabric.

**Seat:** belted wooden construction with spring system and polyether foam structure with supersoft foam and a fibre padding stitched together with the fabric.

**Legs:** small adjustable legs
