## Pump sofa

**versus** central idea behind the Pump sofa is to make an interpretation of a modern sofa, a lounge sofa with carefully chosen proportions, very comfortable and no decorative frills.

Pump sofa is bulky, soft and welcoming, and the high quality inner workings ensure lasting comfort seats.

The arms offer as much support as the rear of the system - which provides opportunities for a variable style use.

Thanks to its modular structure, the Pump sofa shape can be defined personally and changed at any time.

## Materials

**Back & arm section:** belted wooden construction and polyether foam structure with supersoft foam and a fibre padding.

**Seat:** belted wooden construction with spring system and polyether foam structure with supersoft foam and a fibre padding.

**Legs:** small adjustable legs
